TESTIMONIALS

CIVIL LITIGATION

“Dave Thompson and his team took over a very complex construction lien action which eventually included several other suits brought by the other side. We were dealing with very litigious adversaries. Dave personally tried every avenue in order to bring closure to this file. I appreciated his hard work and diligence trying to bring an end to this matter. Unfortunately, we were forced to deal with many delays which included bringing the City of Hamilton into the suit. This resulted in a nine week trial. I could not have had a better team of lawyers representing me. The outcome was exceptional. I appreciate Dave and his team for the guidance they provided me throughout the arduous and lengthy journey. The judge’s verdict reflected complete vindication for me and my company. We also achieved one of the largest cost awards ever heard of. I would consider Dave one of the best and most capable lawyers out there. The way Dave treated me was always well intentioned and from the heart. I feel when I talk to him, I am talking to a close friend not an attorney.”

Roberto Venier, President, Homes of Distinction (2002) Inc.

“Scarfone Hawkins has been providing legal advice to Shipway Stairs for over 30 years. During that time, the firm has demonstrated its broad knowledge by offering excellent advice and guidance on our real estate dealings, corporate matters, personnel and legal disputes. The genuine concern for us and our business is always evident and we appreciate the professional approach and prompt response times.

The firm has been a part of our successful journey and we would have no hesitation to recommending their services”.

Sandra Connell, Controller, Shipway Stairs Limited

“Dave Thompson and his team at Scarfone Hawkins have been a valuable resource to Custom Ice Inc. for the last few years. We are certainly pleased with the service they have provided especially with regards to the accessibility Dave has shown for all our needs, both small and large.

Dave's advice on our smaller matters has helped us clean up and get back to our core business with minimal disruption.

On larger litigation matters Dave and the fine people at Scarfone Hawkins have kept us informed and up to date on daily case communications allowing them to provide valuable advise to see us through several resolutions.

Custom Ice has a great deal of confidence in Scarfone Hawkins and we would certainly recommend them for any similar kinds of litigation work".

Brendan Lenko, President, Custom Ice Inc.

"Matt Moloci and David Thompson, of Scarfone Hawkins, handled a complicated civil employment action, on my behalf, in a most professional manner. They strategically outmaneuvered the defendant through their in depth legal knowledge and the application of that knowledge.

Their efforts compressed what would normally have been a one year, or more, action to only five months and achieved the desired result. Matt, especially, was assiduous throughout the action which meant reduced stress for myself. He was available at all times, took a genuine interest in my case and was ubiquitous throughout the activity.

I strongly recommend consideration of Scarfone Hawkins for any legal activities".

Jim Aziz, Managing Director, Baja Group Consultants, Senior Advisor to the International Monetary Fund

"For the past 5 years I have tested all of your skills and patience. We presented you with a case that was very complex and required a mindful, highly organized team to rectify and organize our records for evidence.

I began by interviewing several law firms. Your enthusiasm, knowledge of relevant matters, and the size of the team determined our only logical choice. After hiring the Scarfone Hawkins team, it didn't take long to realize that we had made the right decision. Your team knew every aspect of our case inside and out, right from the outset. My confidence grew.

Even after 5 years of testing your patience, I was always treated with the utmost of respect.

The team's handling of my father's involvement was simply remarkable. They were always aware of the stresses of certain situations and made my Father at ease and comfortable with the matters.

Inside the courtroom, David Thompson and Matthew Moloci are a cut above the rest.

I would recommend Scarfone Hawkins LLP to anyone who asked. I am very proud of my decision to hire them, and would do so again without hesitation".

Paul McKee, McKee's Carpet Zone, Newmarket, Ontario

"I am the President/CEO & co-owner of Battlefield Graphics Inc. in Burlington, Ontario. We have been a client of Scarfone Hawkins LLP for over 20 years. I am extremely pleased with the promptness and professionalism demonstrated by their lawyers. I use them for all my personal

affairs and have benefited from the scope of their knowledge and experience. I strongly recommend Scarfone Hawkins LLP for all your legal matters".

Jerry Theoret, Battlefield Graphics Inc., President/CEO

"We were all a team in getting this done. My hat goes off to the 407 team at SH Law!"

Peter Teolis, Beaverton

"I would just like to thank everyone from your firm who has had a hand in this 407 action. You three guys who have been the main contact/work horses, Dave, Matt and Paul, you guys have done a phenomenal job...thank you, thank you, I love you guys."

Mike Dow, Vancouver

"My company retained Scarfone Hawkins LLP, and specifically the Thompson/Moloci/Stanton team (David Thompson and Brent Marshall) to conduct a lengthy trial six weeks before the commencement of trial when it turned out that my prior counsel could not conduct the trial as he would have to give evidence.

The litigation had been ongoing for approximately seven years and the file consisted of thousands of pages and dozens of banker's boxes.

David and Brent and their entire team worked tirelessly to get "up-to-speed" very quickly starting at the end of February, 2017 with a view to starting the trial on April 1, 2017.

Scarfone Hawkins LLP was assisted in its efforts by my long-time, trusted corporate lawyer/advisor, William P. Dermody, and by my outstanding accountant. The entire team collaborated effectively to provide my company with the support and representation needed in the circumstances.

The trial proceeded and I was absolutely delighted with the representation my company received in and out of the courtroom.

After many months of reserve, the trial judge delivered a decision which is a complete victory for me and a vindication of my position throughout seven years of long, difficult dispute.

David and Brent are superb trial lawyers. They dominated the courtroom and were extremely well prepared for every witness and every issue.

I have absolutely no hesitation in providing my highest recommendation of Scarfone Hawkins LLP and the TMS team in respect of any litigation needs, in particular complicated, difficult and acrimonious commercial litigation.”

Charles Juravinski, Chief Executive Officer, Juravinski Group

“We were introduced to Scarfone Hawkins and specifically David Thompson and Matthew Moloci after unsuccessfully moving through an ugly and drawn-out shareholder dispute. Our first counsel was a large Bay Street law firm that, while competent, certainly lacked a sense of urgency to resolve this dispute. Through 18 months we gained little ground and spent hundreds of thousands of dollars. As a result of this experience, we arrived at Scarfone Hawkins frustrated and bewildered.

Immediately David and Matthew summarized where we were and what next steps needed to be towards resolution. My immediate impression that they were results-oriented and very client-focussed. “What do you want to see happen?” was a question we were asked early on in the process. The difference with Scarfone Hawkins was clearly a sense of urgency and a capacity to understand our motivations and objectives and then meet those objectives with a sensible, results-oriented action plan. We were able to resolve this dispute in 3 months in our favour. The whole process was effective and very fair, costs and actions were always justified. David and Matthew showed a personal empathy towards our situation as well as what we faced that greatly eased the stress and burden that the previous 18 months had caused.

My wife and I owe a debt of gratitude to both David and Matthew, and their team at Scarfone Hawkins”.

“We were introduced to Scarfone Hawkins and more specifically David Thompson and Brent Marshall through local business associates. To say they came highly recommended is an understatement. We were in need of a law firm that wasn’t afraid to fight for us, while keeping in mind that we are a small business with limited resources. David and Brent were focused on getting us a quick resolution at manageable costs. They have such a wonderful way of balancing that personal touch with professional ferocity. I certainly wouldn’t want to face them on the opposite side of a courtroom!

We would highly recommend using David and Brent for any and all of your legal needs”.

I was referred to David Thompson and his team at Scarfone Hawkins when a situation of shareholder oppression and the related sale of my shares started to turn very ugly. My co-shareholders had retained a consultant that started using horrible tactics. I realized I needed counsel with a lot of experience, knowledge and strength of character to go to battle with the consultant and my co-shareholders.

After my first meeting with David, it was quite evident to me that I should retain him and his team at Scarfone Hawkins. I was immediately impressed and felt very confident in his experience, knowledge and initial advice. I also knew that he while very professional and pleasant, he had the strength of character that would be required to subdue the harsh and unreasonable behaviour being practiced by the consultant and my co-shareholders.

Additionally, I liked David's straightforward, no nonsense, yet very pleasant way of communicating. His explanation of legal issues were presented in terms that were easily understood, which I appreciated very much. He also listened, worked with me on my terms and came up with creative ideas. He would also quickly assess ideas I presented and steer me down the correct path if I was wrong. Throughout the ordeal, David demonstrated compassion, a sense of urgency and a strong sense of duty towards the client.

I am very pleased with the outcome of David’s hard work and the value he provided in what was a very one-sided and oppressive situation. With David’s success in turning a very difficult situation around, I would very highly recommend David and his team to others.

Richard Blair, P.Eng., Formerly VP, CMS

I wanted to thank David Thompson, Christine Hutton and the rest of the Scarfone, Hawkins team for their help regarding the negotiations on my severance package from my previous employer. They took the time to determine what my personal situation was before deciding on a course of action. They kept me involved and I felt like I was part of the process and also part of deciding what strategy was employed. Their patience was appreciated throughout the duration of the negotiations. I was very satisfied with the final package and would wholeheartedly recommend them to anyone who finds themselves in a similar situation to me.

Scarfone Hawkins LLP has been our legal team for many years.

We were in the middle of a very complex legal matter when Mr. Michael Valente received his appointment to Judge.

It was quite a shock when Mike left but we were left in the very capable hands of Dave Thompson, Jordan Moss and their team.

When Dave, Jordan and their team took this on, we thought it would be years before a settlement would be reached.

Jordan Moss dug in and was instrumental in the strategy forward, he poured through thousands of pages spanning twenty years.

Dave Thompson suggested mediation to us and both parties agreed.

During the mediation, we had the dynamic duo of Dave Thompson and Jordan Moss, also a great Accounting/Tax team, Durward Jones Barkwell and Company.

Within the two days a settlement was reached and we are now able to focus on the growth of our business.

Dave and Jordan were OUTSTANDING!

John L. Wordsworth, CEO, Sure Flow Equipment Inc.

David's excellence in professionalism, throughout our dealings was very obvious and therefore his merits cannot go unnoticed. David's intelligent, compassionate, understanding, straight forward manner and dedication brought us a positive resolution in a quick and efficient manner.

Never have we had such a positive experience with a lawyer and law firm until working with David Thompson and staff. His legal counsel's prompt communications and administrative staff provided timely cost effective statements of account and we were always kept up to date with all matters.

We would without hesitation highly recommend David Thompson and his staff. They are true champions! "

MEDIATION

"David is an exceptionally effective mediator. He was well prepared and quickly developed rapport with my client – resolving a lengthy, contentious Estate litigation. He achieved the result that others could not."

Angela Papalia, Regency Law Group

"David Thompson brings the whole tool box to mediations. He has in depth knowledge on a broad spectrum of legal issues – he has done complex trials and therefore sees ahead to the variables and risks of trial.

He prepares. He knows the file as well as those before him.

He brings humour, candor and relentless determination and enthusiasm to the mediation process; one is not left with the feeling that the mediator just "worked" the positions to the middle.

This is how mediations should be done."

Brian Duxbury, Duxbury Law

"I have retained Dave now for several mediations involving complex commercial matters and would not hesitate to do so again. He has a keen eye for spotting and analyzing the issues. His experience ensures that the parties take him seriously, and his personal skills have on more than one occasion helped diffuse heated conflicts. Most importantly, he focuses on finding a resolution both parties can live with, often creative ones. Strongly recommended."

Andrew Pelletier, Inch Hammond Professional Corporation

"Dave Thompson is a pragmatic and insightful mediator who makes effective use of his extensive litigation experience to build rapport with the parties leading to consensus. I highly recommend".

Alan Butcher, Butcher Litigation Professional Corporation

"At the request and urging of opposing counsel, we retained David Thompson to act as a mediator in the hope of resolving a complicated breach of contract / estate matter. The issues were varied and complicated with an overriding tax consideration.

It was a pleasure meeting David for the first time. He had thoroughly read the Mediation Memo(s) and was familiar with and cognizant of the relevant law. Most importantly, he was charming yet simultaneously aggressive and persistent. He was an excellent communicator and interacted with my client very well; he ensured that she could understand and appreciate the position of the other side. He was also tenacious and did not allow the parties to get side-tracked on collateral issues. He called up an accountant, who I understand was also a friend, during the mediation in order to help us surmount and get passed a rather "thorny" issue.

We settled the matter, and it was not insignificant. The ultimate settlement was well over seven figures.

Most importantly, I loved David's style and panache. It was not only a successful mediation, but David made it fun for all parties. I would use him again in a heartbeat."

Philip B. Morrissey, Lawyer

ESTATE ADMINISTRATION - ETDL

"I have known David professionally for over 30 years. I have also been involved with him on a very difficult and highly litigious estate matter with multiple parties. He was appointed the Estate Trustee and managed to navigate all parties to a reasonable resolution. He is the consummate professional and works hard to get matters completed fairly and efficiently."

Ben Fortino, Bartolini, Berlingieri, Barrafato, Fortino LLP

"I have had a number of matters in which David has been appointed as either Estate Trustee or Estate Trustee During Litigation. I have found him to be knowledgeable, attentive, pro-active and helpful to the litigants if they desire assistance to attempt to resolve their dispute. His rates are very reasonable. I have no hesitation in recommending his services and in fact have recommended his services many times already".

Brad Wiseman, Ross & McBride LLP

"Mr. Thompson has been appointed ET or ETDL on two matters in which I act for parties to estate litigation. Both matters are highly contested as between the respective parties. Mr. Thompson has proven to be exactly what one would hope for in these situations: calm, completely neutral as between the parties, quick and helpful with answers and information, and cost effective".
